회사소개	<p>Young Guns was founded in 2004 by brothers Scott and Trent Young. At the time, they were chasing a dream of playing rugby league whilst juggling engineering studies at university and a casual job of unpacking shipping containers. The most unlikely opportunity arose when the brothers were asked to do a job that required them to employ a couple of extra guys from the football club and it was here that Young Guns was born.</p> <p>Young Guns was getting a reputation for the service they were delivering. They opened an office in Brisbane (HQ), expanded into Melbourne, Sydney and then Perth. One decade on, Trent and Scott have expanded into four states with over 400 members in the team. The business growth meant the jobs and opportunities for young people expanded.</p>
